

From our Formulary

## Goatmilk, Lavender and Oatmeal Tub Teas

**These delightful tub teas** feature our Goat Milk powder in a blend containing bicarbonate of soda to help soften the water. Oatmeal, ground to a fine powder, adds to the skin soothing nature of this product. Water dispersible Titanium Dioxide is an optional ingredient, used to make the bath water milk-like in appearance.

### Formula

	Percent	Grams	Ounces	Ingredient
<b>Phase A</b>	9.0	180	6	Lavender Buds
	1.0	20	0.67	Lavender Essential Oil
<b>Phase B</b>	25.0	500	16.67	Bicarbonate of Soda
	25.0	500	16.67	<b>Powdered Goat Milk</b>
	7.5	150	6.0	Titanium Dioxide, water dispersible (optional)
<b>Phase C</b>	32.5	650	23.67	Quaker Oats Oatmeal (Quick or Regular)

1. Mix Phase A ingredients and set aside.
2. Combine Phase B ingredients in large vessel, mixing well to evenly disperse titanium dioxide.
3. Phase C, grind oatmeal to a fine powder in food processor or blender (in small batches) and add to Phase B.
4. Add Phase A and mix well. Fill large tea bags with 30 gms (1 oz) of mix and seal end with a hot iron.
5. Package one or two to a clear cello or poly bag to help maintain freshness.
6. Label with a "Best if used by *date*" about 6 months out, to be sure people will use them sooner rather than later (although pretty stable in this formulation, the fats in the goat milk powder can go rancid in time).

Makes about 66 tub teas.

Ingredients in **bold** are carried by Lotioncrafter.
