

From our Formulary

Lupine & Date Collagen Boosting Antiaging Serum

This formula combines natural extracts of Lupine (**Collageneer**) and Date Palm Kernel (**D'Orientine S**) for boosting collagen, skin firmness and reducing the appearance of wrinkles. **Pentacare-NA PF**, a plant derived tensing treatment, forms a visco-elastic film on the skin to cosmetically tighten and smooth fine wrinkles. **Neossance Hemisqualane**, a sugar-derived ester offers emollience with a non-oily feel. **Penstia Powder** is mixed with these ingredients to help deliver them and offer a silky rich feel to the final formulation. It also acts to absorb sebum on the skin.
