

From our Formulary **Silken Therapy™ Bath Bombs**

Natrasorb Bath and **Olivem 300** are added to these bath bombs. Both ingredients help the added oil disperse in the water, to make them the ultimate for silken, skin softening appeal in the bath.

Formula

	Percent	Grams	Ounces	Ingredient
Phase A	56.0	570	19.0	Bicarbonate of Soda
	28.0	285	9.5	Citric Acid
	7.0	72	2.4	Natrasorb Bath
Phase B	0.2	2	0.07	D&C or FD&C Colorant of choice
Phase C	4.4	45	1.5	Rice Bran Oil
	1.5	15	0.5	Olivem 300
	2.9	30	1.0	Fragrance
Phase D	qs	qs	qs	Water/Witch Hazel

1. Combine Phase A ingredients and mix gently. Do not be concerned if Natrasorb Bath tends to sit on top at this point.
2. Mix Phase B colorant with a small amount of Phase A ingredients in a mortar and pestle until lump free. Add to Phase A and mix with hands or whisk to incorporate colorant evenly.
3. Combine Phase C ingredients and stir until mixed evenly. Pour Phase C ingredients over Phase A/B. Using your hands, mix thoroughly, rubbing ingredients through fingers until mixture is crumbly. It will have pea-sized lumps throughout. When squeezed in the hand, it will form clumps that easily break apart.
4. Fill a spray bottle with water, witch hazel, or a combination of the two. Begin to spritz dry ingredients with water/witch hazel, mixing thoroughly between sprays *just until* mixture is damp enough to hold together when squeezed in the hand.
5. Working quickly press the mixture into the molds. Let bombs dry in the molds for a few hours. Remove from molds and let dry for several days before packaging.

Mixture will fill 4 large (baseball size) molds or 6-8 smaller molds.

Ingredients in **bold** are carried by Lotioncrafter.
